To "john morgan" <jmorgan@missingcash.com.au>

Hey John

Thanks for the update, I appreciate it.

It may be worth reaching out to Ellie who has emailed you from Marketing.
She is the one that handles all of this side, so maybe copy and paste your email to her.

I believe she is waiting on a response from you anyway, the leads will not come through to me without her completing the integration.

Please reply direct to her as that is quite important!

Thanks,

Erin Crofton

I will have this done this weekend. Tell your boss I just switched companies and my DNS was pointing towards the old site and I didn't update my email settings. But it's all done

Hey John

Thanks for sending this through.

It all looks really good, but I do have a few points I want to bring up:

- Instead of the work number, please only use my mobile. i haven't had a home line in yonks and my boss has meant to take it off for me
- If I am being picky, the AI guide takes up the 1st two boxes and then I am not mentioned until the 3rd section. It may be worth having my name a bit higher above so they know that is me they will be speaking with.
- You can keep the layout the same but maybe where you have Finance With Stratton, you can add in a little blurb about me and how I help my clients provide positive and efficient results and then keep the Stratton info below as is

I don't know if this can be done but everything else looks great, you have done well 😊

Thanks again,

Erin Crofton

Hey john,

Thanks for your time on the phone!

Please go through and read the full integration pack attached along with Ellie's email below with the examples.

As mentioned, for Phase 2 of adding the gift card promo onto your website, we should have an answer back from risk and compliance team in about 1 month, they just need a bit more time now that we are nearing the EOFY. I will keep you in the loop of their progress though.

Please let me know if you have any questions, I am happy to help!

Thanks,

Erin Crofton

Subject: MissingCash Marketing Integration

Morning Erin,

I hope you're well.

Please see attached the marketing integration pack for your referrer MissingCash.

You'll notice that there's two options in the pack, of which they only need to include one. See more below.

Example 1: RAAUS - <https://raaus.com.au/finance/>

A webform integration which allows the customer to stay on the referrers website and simply submit their contact details which can go straight through to Mystro.

Example 2: Advanture Campers - <https://advanturecampers.com.au/finance/>

This directly links to the quote tool on the Stratton Finance website where they can begin the quote process.

I'm more than happy to assist with any questions or queries on the above.

Please advise the referrer that this pack cannot be used on the LensFlow website. For this, there will need to be a separate referral agreement signed and then another integration pack prepared.

If you have any questions, please don't hesitate to reach out.

Regards,
Ellie
